Jalan Kebon Nanas Selatan, Jakarta Timur 13340, Indonesia

Fresh Graduate from University of Indonesia CCIT FTUI program Software Engineering Information Communication & Technology. Experienced in data with SQL or Python (Scikit-Learn, Pandas, Tensorflow), PowerBI, Tableau as a tools.

Education Level

CCIT FTUI - Indonesia   Aug 2020 - Nov 2022

Diploma in Technical Information, 3.47/4.00

- Studying theory and implementing it into a project
- SQL implementation in a project create data visualization with Tableau, learn Python with some libraries
- Developing android and Web Based Applications
- Seminar participation "Strategi Menjadi Technopreneur"

Organisational Experience

Karang Taruna Rw - Jakarta, Indonesia   Aug 2017 - Present

Creative Division

- Contribute to the dissemination of information
- Contributed to the making of the banner
- Contribute to shooting such as photos and videos

Skills, Achievements & Other Experience

- **Soft Skills**: Good Communication and Leardership
- **Hard Skills**: SQL, Python, Excel, Tableau
- **Projects** ⊘ (2023): Data Analyst Project : Kereta Barang Indonesia
- **Projects** ⊘: Data Science Project : ANOMALY DETECTION IN TRANSACTIONS
- **Projects** ⊘ (2023): Power BI Dashboard : Coca Cola Sales in US
- **Projects** ⊘: Data Analyst Project : Processing data and turning it into data visualization to get an insight with tableau and SQL and the title is 'Pembangkit Listrik di Indonesia'
- **Projects** ⊘: Data Analyst Project : Sales Analyst
- **Projects** ⊘: Data Analyst Project : EDA Data Science Job Salaries
- **Projects** ⊘: Data Analyst Project : Looking for a problem from US airport delays with Excel and Tableau
- **Projects** ⊘: Data Analyst Project : Find the insight from revoU Course and turn it into visualization with tableau and sql
- **Projects** ⊘ (2023): Data Science Project : App User Segmentation
- **Projects** ⊘: Data Science Project : A/B Testing of Themes
- **Projects** ⊘: Data Science Project : Titanic Ship Kaggle Competition
- **Projects** ⊘: Data Science Project : Stroke Prediction WebApp
- **Projects** ⊘: Data Science Project : Credit Scoring & Segmentation
- **Projects** ⊘: Bussiness Intelligence : Maven Healthcare Challenge
- **Projects** ⊘: Data Analyst Project : Coffee Shop Sales
- **Projects** ⊘: Data Analyst Project : Supply Chain Analytics
- **Projects** ⊘: Power BI Dashboard : Self Service Reporting
- **Bootcamp** ⊘ (2023): Completed course Data Analytics from FreeCodeCamp
- **Course** ⊘ (2022): Completed course from RevoU
- **Bootcamp** ⊘ (2023): Belajar Analisis Data dengan Python
- **Bootcamp** ⊘ (2023): Belajar Machine Learning untuk Pemula
- **Bootcamp** ⊘ (2023): Belajar Dasar Data Science
- **Bootcamp** ⊘ (2023): Memulai Pemrograman dengan Python
- **Interest**: Interested with data and machine learnings
